

TONI DAVIS
TONI'S PET SITTERS

To Whom It May Concern;

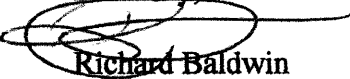

Re; Toni Davis

Approximately three years ago, my vet, Dr. Carrie Wright, referred me to Toni to care for my "girls" when I was traveling. She has proven to be more than I could have asked for. Toni's care of my pets has been outstanding. Special requests have been handled to the tee. She is a true animal lover and it reflects in her handling and concern for not only my girls, but for my home and family.

Toni's honesty has proven to be beyond reproach. I feel Toni doesn't have a speck of malice in her body or soul. As a retired law enforcement officer, honesty is always a major concern of mine. Her dependability is undeniable. She has been there for me beyond my expectations.

Toni is a caring, honest, dependable lady as reflected in her care of your animals and home. To say I highly recommend her is a vast understatement.

Sincerely,

Richard Baldwin

RE: Toni Davis

To whom it may concern:

My wife, Nancy, and I have known Toni Davis for the past eighteen months. We recently relocated from the East Coast to Las Vegas with our cats. Ms. Davis has provided us outstanding pet care in our new Las Vegas home. Ms. Davis' mother, Dolores Marks, has also assisted in caring for our pets by performing home visits and transporting them to our veterinarian.

During the past summer my wife and daughter spent their vacation in New Jersey. We asked Ms. Davis to stay in our home and care for our pets for ten weeks. We were fortunate to find someone we could trust in Ms. Davis to care for our pets and our home. She is very reliable and conscientious. Over the summer, there were a number of instances where Ms. Davis identified and assisted in the repair efforts at our new home. We would have had major issues at our home had Ms. Davis not demonstrated the initiative she did.

My wife and I think very highly of Ms. Davis. We would, without hesitation, recommend her to care for anyone's pets. She is very knowledgeable about pet care and also a very caring and nurturing individual. Our one cat is a diabetic requiring insulin injections and special medical care. Ms. Davis has handled his needs with expert care.

Sincerely,

Timothy J. Wilmott

Hi, we would like to tell you about our friend Toni. Our names are Beau and Blitz. We are very handsome Bichon Frise boys. We live in Henderson about 6 months of the year, and the other time in Wisconsin. When we are in Henderson, our friend Toni comes to see us often.

Sometimes she only stays for a little while or maybe overnight with us. But, other times she stays for several days and nights with us. We sometimes even have a hard time counting how many days and nights she is with us, but we know for sure it is fun! Toni takes us for walks a lot, and she is always there when we need to go outside or get hungry. We also have a ton of toys that Toni likes to play with us with – like throwing them for us to chase and play tug of war with.

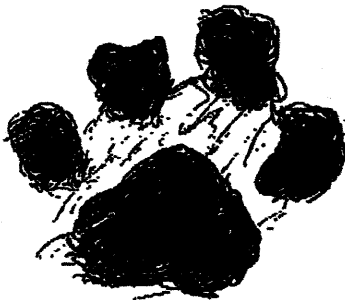

We like the time we spend here better than Wisconsin, because we never see our friend Toni there. But, Mommy and Daddy said we will see her again real soon now. Toni might just be our favorite person besides our Daddy & Mommy.

"A few comments from the parents" – Randy & Nancy Wellner

We have known Toni now for about 2 years. We have had "little boy sitters" for several years because between business and pleasure we do travel quite often. Without a doubt, Toni has been the most reliable, dependable, and "best friend" to the boys that we have had. Both of us feel very comfortable in our recommendation of Toni.

We are in Henderson from mid-October to mid-May, and then back to Wisconsin.

Toni -

It has been our pleasure to have you as a kitty sitter for several years. We were glad to hear you are going to love kitties and puppies fulltime.

It was important to us to know that the person we selected as a sitter would not only give Icon and Apricot lots of attention, but in Icons case "LOTS OF FOOD". Also, with your background, we don't have any concerns about their health care.

When we return home from a trip, we are greeted at the door but as soon as they see it's not "Toni" they just walk away and we are back on the You left us list.

If anyone would like to talk to us personally, please free to have them call.

To future Pet Biting Clients

Simply, Tori Davis is phenomenal,
use her.

She's dependable, reliable, responsible,
caring and compassionate. She has a
key to my house and stays over anytime
she wants. That's how much I trust
her. Also the neighbors love her.

My dog loves her more than me.

And if any emergency situation arises,
she knows what to do and where to
take your pet.

In closing, feel very confident to
use her - She's just the very BEST.

Sincerely,

Brode Green

To Whom It May Concern:

After living in Los Angeles for many years and having a wonderful dog sitter, I was very nervous and worried about having to find someone new to watch my dogs once I moved to Henderson, Nevada. My fears were unfounded once I met Chuck Dipree. Chuck has been taking care of my dogs since I moved in October of 2004 and he does an outstanding job. Chuck follows all instructions to a T, giving all medications at their scheduled times, prepares the correct food for their diets, he spends the night if you want him to so my dogs never feel left alone and he gives them all of the love I would give them if I was there. Not only does Chuck take excellent care of my dogs but he also watches over the house, takes the garbage out, gets the daily mail and my home always looks better upon my return than it did before I left.

My dogs are my children to me so I would only leave them with someone I trust completely. For me that person is Chuck Dipree. I know how hard it is to have to leave your animals behind and that we would take them everywhere with us if we could. Since that is not always possible I can highly recommend Chuck as a pet sitter and you can relax knowing that they receiving excellent care.

To Whom It May Concern:

This letter is for the recommendation of pet / house sitting service of Mr. Chuck Dippre. We live in the Green Valley area and we have employed Mr. Dippre on a number of occasions over the past couple of months. Mr. Dippre has provided in-home overnight care service for our dog. It is such a joy to return from a trip and find not only a well cared for dog, but also a perfectly neat home. Mr. Dippre has proven to be very reliable and capable. Should you have any need for any form of pet care needs we would highly recommend Chuck.
